#### No.FF1 Flex-Frames For Display Panels

**Maximize floor space with this expandable display system.**

- Single Flex-Frames are 3ft (900mm) high to suit centre floor stands or gondola fixtures. Put displays right out front to maximize sales at a height which will not obstruct the view throughout the store.
- Double Flex-Frames are 6ft 8"(2010mm) high for walls or corners giving maximum display area with a minimum of floor space.

- **Flex-Frames can be assembled in any configuration.**
